PROFILE

I am a second-year software engineering student at ESPRIT, a private engineering and technology school. Passionate about web development, I am a versatile individual who continuously learns and develops my skills.

KEY SKILLS

Programming Languages

JAVA, C, C++, C#, JAVASCRIPT, PHP, Python

Frameworks/Libraries:

Express , React, Node , SpringBoot, Angular, .Net, Symfony, Bootstrap,Tailwind ,JavaFx

Technical Skills:

MONGODB (NOSQL), MYSQL, SQL, PL/SQL

Other Tools:

Jenkins, Docker, Git, Nexus, JaCoCo, JUnit, Mockito , Docker SonarQube, Grafana , UI/UX, GIT, UML,OpenAi

Education and Qualifications

Farabi High School

2017-2021

Technical Baccalaureate

École Privée d'Ingénierie et de Technologie ESPRIT

sept 2021- current

Software Engineering

Internships

BeeCoders Web and Mobile Development Agency

june 2024 - August 2024

. Developed an interactive web platform for football enthusiasts to manage teams and plan matches.

Tools : React , Express.js ,MongoDB , Tailwind CSS

STEG ,Tunis

july 2022- August 2022

- Completed an introductory internship within the database management team, where I actively contributed to organizing and optimizing data processes.

- Assisted in maintaining and updating databases, ensuring data accuracy and integrity while gaining hands-on experience with database management tools.

Projects

[AI-powered sales assistant](#)

mars 2025

Developed an AI-powered sales assistant using **Python**, **React JS**, **Qwen**, and **OpenAI**. It analyzes user preferences via a chatbot, searches company data, automates email outreach, and uses an AI mail listener to categorize responses. Leveraged **LLM processes** for multi-agent task division, optimizing lead generation and collaboration.

Tools : React , Python , Qwen , OpenAi

[EsPsy](#)

jan2025 - may 2025

Epsy is a **MERN-stack** web application connecting **ESPRIT** students with psychologists. It offers **AI-powered mental health recommendations**, group therapy chats, and personalized access to blogs and events based on medical history. Psychologists can use **AI tools** to analyze student mental states through tests and manage patient files, ensuring tailored support.

Tools : React , Express.js , MongoDB , Tailwind CSS, OpenAi , deepSeek R1

[SoccerTm](#)

june 2024 - August 2024

Internship project

- Immersive project internship: Created an interactive web platform for football enthusiasts to manage teams and organize matches.

Tools : React , Express.js

other: MongoDB , Tailwind CSS

[FitHub](#)

jan 2024 - may 2024

Integrated Project (Web + Desktop + Mobile)

. Integrated project (Web + Desktop+Mobile): Developed a fitness platform with a Symfony PHP website and a desktop application in JavaFX..

Tools : JavaFX , Symfony Php , MySQL , FlutterFlow,OpenAi

[Travel Tastic](#)

sep2022 - dec 2022

Integrated Project (Desktop)

Desktop project: Created an interactive travel management platform for planning and booking trips.

Tools : C++ , Qt framework , Oracle Database , MySQL

Languages

English (C1)

French (B2)

Arabic (Native)

Certifications

- Certification from AMIDEAST Tunis
- EFSET English Certificate (68/100, C1 Advanced)
- Full Stack Developer Certificate – 9antraTn
- Certificate in Hackathon 4th Edition AI & LLM Workshop – SMU (South Mediterranean University)
